 13039Z	FLEXION ADHESIVE STROBOSCOPIC DASH LIGHT 30° - BLUE / WHITE
 13069Z	FLEXION ADHESIVE STROBOSCOPIC DASH LIGHT 65° - BLUE / WHITE

- These new flexible strobe models can adapt to all types of windshields.
- The 30° version will be ideal for front windshields, while the 65° version will be better suited for side windows or steeper rear windows.
- Installation using 3M automotive-grade adhesive tapes makes the task much easier.
