

DRIVING LIGHTS

LED HEADLIGHT KIT

ProSignal™

DESCRIPTION

- ▶ Made of Die-Cast aluminum, the LED headlight kit for automobile is completely weatherproof and resistant to vibration.
- ▶ This product is ideal for car owners wanting to improve their visibility on the road by replacing original headlights. The light output is way more powerful than the halogen models and meets E-Mark and SAE DOT standards.

FEATURES

- ▶ Multi-voltage input: 9 to 18Vdc (9 to 32Vdc for the H4)
- ▶ 4000 lm to 5000 lm per head light
- ▶ CSP LED chip
- ▶ Color Temperature: 6000K
- ▶ Can-Bus compatible
- ▶ Certificates: RoHS, CE

ELECTRICAL SPECIFICATIONS

Operating Voltage:	9 to 18Vdc (9 to 32Vdc for the H4)
Maximum Power:	30 Watts (Single) - 60 Watts (H/L)

Headlight can be adjusting easily in any angle for better result.

***Certain models**

The heat sink can be install upside-down if more space is needed.
