

SIRC

DESCRIPTION

- ▶ The SIRC™ is a compact electronic siren that was made to replace the old Hi/Lo horn with fragile compressor. Once the installation is done, there is no maintenance required.
- ▶ This product is commonly used on mobile canteens and snow removal vehicles.

FEATURES

- ▶ 100 % Electronic, no maintenance required.
- ▶ Epoxy protection available for extreme environment.
- ▶ Can handle 200 Watts of power (one speaker of 200 Watts or two speakers of 100 Watts)
- ▶ Two siren tones available:
 - Dual tone air horn (Snow removal)
 - Single tone air horn (Emergency)
- ▶ Light and compact
- ▶ Made and test in Canada for more than 8 years
